ABOUT US

Engineering the Future of Indoor Golf

NEAGLE GOLF is a global provider of tour-grade golf simulators, launch monitors, and 4K golf simulation systems for indoor golf studios, commercial driving ranges, clubs, and private homes. Our simulation packages combine high-speed camera and radar tracking with photoreal course rendering, delivering shot data accurate enough for professional fitting and training.

Beyond simulation, we engineer automated golf ball dispensers and self-service range hardware that reduce labor costs and unlock new revenue for facility operators. Every system ships with white-glove onboarding, training, and 24/7 concierge support.

GLOBAL REACH

Our systems are in daily operation across North America, Europe, Asia-Pacific and the Middle East — exported to the USA, Canada, UK, Australia, Japan and countries worldwide — with local-language software support and worldwide shipping by sea, express sea or air.

OFFICIAL TOURNAMENT HERITAGE

RUGE RG Eagleye III is the official simulator of the Volvo China Open, the Buick LPGA Championship and the China PGA Tour — the same tour-grade technology is built into every NEAGLE system.

GOLF SIMULATORS

GOLFPAI S1 · Indoor Golf Simulator

Premium indoor golf simulator with 6,000 FPS vision tracking, 4K laser projection and 110+ photorealistic courses.

REFERENCE PRICE*

$42,516

MINIMUM SPACE

6.0 × 3.8 × 2.8 m

KEY FEATURES

- 6,000 FPS dual-camera stereo vision — 99.9%+ ball & clubhead recognition
- 8 ms ultra-low latency, 37× faster than a human blink
- 4K UHD 6,000 lm laser projection on a 200" impact screen
- 110+ world-famous courses with 4K real-scene modeling
- 3-zone hitting mat (fairway / rough / bunker) with Korean imported turf
- 32GB RAM + 1TB M.2 SSD — built for high-traffic venues

SPECIFICATIONS

CAPTURE SPEED
6,000 FPS binocular vision

BALL RECOGNITION
99.9%+

SYSTEM LATENCY
8 ms

SHOT SHAPE DETECTION
12 types

CLUB COMPATIBILITY
99% mainstream clubs

COMPUTER
Intel i5-12400 + RTX 4060Ti

MEMORY / STORAGE
32GB DDR4 + 1TB M.2 SSD

PROJECTION
4K UHD laser · 6,000 ANSI lm

CONTRAST RATIO
3,000,000 : 1

LIGHT SOURCE LIFE
20,000+ hrs

IMPACT SCREEN
200" dual-layer anti-impact

GOLF COURSES
110+ 4K real-scene

AUTO TEE
Motorized with height memory

HITTING MAT
3-zone Korean turf · 16 mm
